

Culligan Water®

**Cleaner, smarter water.  
Every drop, every day.**

Aquasential™ High Efficiency Water Filters

## For high-efficiency water filtration, nothing can match the intelligent design of the Aquasential™ High Efficiency (HE) Water Filter.

Problem water takes on many different aspects: The bad odor, the hazy look of too much sediment in the water, and the corrosive effects of water with a low pH. All different.

Culligan has effective solutions to these and other water problems you may have. All Aquasential Water Filters are customized to handle your specific type of problem water.

With a new, modern color, the Aquasential HE Filters give you cleaner, safer water and more peace of mind.

## Better Water Means Better Living.

### Culligan® Filtr-Clear® Water Filters

Cloudy, hazy water gets that way due to sediment in the water. The Culligan Filtr-Clear water filter removes dirt, silt, clay and other types of sediment from your water supply. Not only that, the Filtr-Clear filter is four filters in one. They work at different levels, stacked on top of each other, each removing a particular size of sediment particle. All you end up with is good, clear, top quality water. The Filtr-Clear filter treats all the water in your house, not just water from one faucet.

### Culligan® Cullar® Water Filters

Cullar filters are activated carbon filters designed to reduce contaminants that cause water to taste and smell unpleasant, including the taste and odor of chlorine. They also work against most discoloration problems.

### Culligan® Cullneu Water Filters

Acid water, or water with low pH, can wreak havoc on your pipes and porcelain fixtures. The acids eat away at the iron and copper on pipes and unlined heaters, leaving behind red or blue stains. The Cullneu filter reduces the stains and pipe damage by neutralizing the acids in your water supply.

### Hey Culligan!

At Culligan, we've been committed to providing superior water treatment products for over 85 years. Our units offer state-of-the-art electronic controls, innovative valve design, and are tested to the highest standard. And they're supported by your local Culligan Water® dealer, a water expert that can also provide salt delivery, filter and media changes, rentals and financing options.

### A Culligan® Aquasential™ HE Water Filter gives you

BRIGHTER LAUNDRY

CLEAR DRINKING WATER

NO ODOR

REDUCES STAINING

## SYSTEM BENEFITS

- Removes sediments in your water making it crystal clear throughout the entire house.
- Reduces contaminants\* that cause water to appear, taste and smell unpleasant.
- Reduces taste and odor of Chlorine.
- Prevents pipe damage and staining from low pH water.

*\*contaminants may not be in your water*

## Product Specifications

### Patented Smart Technology

- Automatic bypass valve provides the convenience of bypassing the water softener.
- Exclusive Culligan Soft-Minder® meter monitors daily water use and provides advanced system diagnostics.
- The easy-to-read back-lit display lets you know your softener is working and warns of system malfunctions.
- Optional Leak Sensor provides peace of mind if there is a water/moisture issue.

### Maximum Media Efficiency

- Cullar®, Filtr-Clear® and Cullneu media provides maximum water filtering capacity, stability and long life.

### Exclusive Reliable Design

- Mechanical improvements including design updates and indicator lights to make sure it's always in peak condition.
- Exclusive, non-corrosive valve using motorized pistons that provide more reliability than rotary valve systems.
- High-impact Quadra-Hull® Tank use a four-layer design that resists UV rays, rust and corrosion. Limited lifetime warranty.
- Culligan Aquasential HE Filters also available as an outdoor model.
